

# High Tech Fraud

Thursday, April 12, 2007

1:30 – 3:30 PM

Travis Bldg, Room 1-100

Robert Smith, Special Investigations Unit,  
State Auditor's Office

In this informative and timely session, participants will discuss fraud schemes involving the use of technology. Participants will be exposed to examples of high tech fraud in state agency business settings and address best practices related to prevention, reporting and investigative procedures.

Don't miss this opportunity to equip yourself to be the first line of defense against high tech fraud in your agency.
