

Organizational Change Basics For Business Administrators

Tom Shindell,
Director of Organization
Development

Presentation Description:

Dr. Tom Shindell, Director of Organization Development for the Texas Education Agency, will be presenting both theory and practical how-to's for assisting Texas State Business Administrators who have to lead change in their organizations. Specifically, the following four topics will be addressed:

- **Managing Change**
(How to strategically plan for change)
- **Implementing Change**
(How to roll-out a small or large change effectively)
- **Helping Others Deal with Change**
(How to help your superiors, peers, subordinates, and customers deal with something new or different)
- **How to be a Successful Internal Change Consultant**
(What skill sets and perspectives will help you facilitate change effectively in your organization)

Tom has been at TEA for two and a half years. His previous state experience includes working as a Management Advisor for the Texas State Auditor's Office and as a Training Specialist for the then Texas Department of Health.
